Hartman Wins!

Winner of the Rocky Mountain PBS People's Choice Award

In January, Celeste Helminski of the Gunnison Chamber of Commerce informed Hartman Castle Preservation Corp. of a Rocky Mountain PBS competition, a spin on the upcoming March Madness college basketball series. We, along with various other organizations, signed up for a Zoom call. In late February, we were informed that Hartman Castle had been selected as one of the eight bracketed 'teams' to compete.

All voting was done on social media. Thanks to our Hartman community's unwavering support and active participation, the Hartman Castle project emerged as the most popular topic, winning the hearts of PBS viewers and securing its place as an episode of *Colorado Experiences*, now in its 11th season.

The award-winning Rocky Mountain PBS *Colorado Experiences* team will be in Gunnison in June to videotape the footage for the episode.

Help save the Castle!
